Dear Mrs. Parkins:

Please accept the enclosed pictures with our compliments. They were taken yesterday at the Cartier-Bresson exhibition.

We used the story, accompanied by the prints, on "City Camera" at 7:00 last night.

My dear Mr. Armstrong:

The news broadcast you did on the Cartier-Bresson exhibition was first class and we appreciate very much indeed your thinking of us. The photographs which you sent were extraordinarily clear and good. I would not have thought that a panel would have come out so sharp.

Wouldn't you like to come out and have lunch with me while we are still eating on the terrace? If you would please call and let me know when you can come.

Sincerely yours,

MRP:mch
